REASONS FOR ALLOWANCE

A request for continued examination under 37 CFR 1.114, including the fee set forth in 37 CFR 1.17(e), was filed in this application after allowance or after an Office action under *Ex Parte Quayle*, 25 USPQ 74, 453 O.G. 213 (Comm'r Pat. 1935). Since this application is eligible for continued examination under 37 CFR 1.114, and the fee set forth in 37 CFR 1.17(e) has been timely paid, prosecution in this application has been reopened pursuant to 37 CFR 1.114. Applicant's submission filed on July 14, 2003 has been entered.

The following is an examiner's statement of reasons for allowance:

None of the references show a puffed grain food product that contains the combination of a puffable high expansion grain piece and a low expansion grain piece that contains all of the features of claims 1 and 11. The references do not teach coating the low expansion grain with a flavor or color before combining it with a high expansion grain piece and then puffing the mixture in a mold. The reference to Wu teaches combining different grain products together and puffing the combination. But there is no teaching in Wu to the inclusion of a coating step.

Any comments considered necessary by applicant must be submitted no later than the payment of the issue fee and, to avoid processing delays, should preferably accompany the issue fee. Such submissions should be clearly labeled "Comments on Statement of Reasons for Allowance."
